

Go Higher West Yorkshire

Reducing inequalities in Higher Education access, success and progression

Mission

To achieve common goals on access to, success in and progression from HE for those from under-represented groups by connecting our unique range of member HE providers with each other and external stakeholders.

Aim

To bring together members and stakeholders to ensure HE is an accessible option that is considered by a wider and more inclusive audience in our local area, and to support these prospective students in and through our institutions.

Focus

West Yorkshire

Our strategic approach

We support sustainability by building connections and working with those who work with our under-represented groups.

Priorities for our work

1. Under-represented groups
2. Informed choices
3. Evidence-based practice

Enablers of our work

1. Collaborative engagement and input from our diverse range of members and external stakeholders
2. A flexible approach which recognises the diversity of our membership
3. A sustainable approach to resourcing to enable longer-term planning

Delivery of strategy

1. Collaborating to create demand for higher education
2. Collaborating to respond to need
